# Power Imbalance: The Power of Possessing

INTERACTIVE  
WEBINAR  
CLE ELIGIBLE IN CA

**April 18, 2023**  
**11 AM - 12 PM, PST**  
**Online**

**Ideal for Personal Development and Practitioners**

Resources come in many forms, not just material possessions. In a conflict, the party with more knowledge, time, money, social capital, or something else can wield outsized control and power in the process and outcome.

Join Katherine Miller and Gary Friedman on April 18th to learn what we, as conflict professionals, can do to create balance, ensure active, meaningful participation in the process, and promote developments that serve both parties.

**Legal Continuing Education:** The Center for Understanding in Conflict is an accredited provider of California Continuing Legal Education by the State Bar of California. The Power Imbalance: The Power of Personality and Patterns training —appropriate for both newly admitted and experienced attorneys — will qualify for 1 participatory CA MCLE credit hour.

(Attendees are not required to participate and may remain anonymous).
